that the Governor's message would not
be delivered until about 4 o'clock.
It was practically assured that Rep-

MAINE FALLS INTO G. O. P. BAND WAGON

State Goes Republican by More Than
Fifty Thousand Majority.

(International News Service)
AUGUSTA, Maine, Sept. 14.—Wom-
en of Maine, the vanguard of those
who will vote in the presidential elec-
tion, have placed their stamp of dis-
approval on the league of nations.
Turning out in enormous numbers
the new voters in this state joined
with the men and swamped candidates
in the state election who espoused
President Wilson's foreign policies.
The result was a republican landslide.
Frederick H. Parkhurst, republican
candidate for governor, who defeated
Bertrand G. Mc Intyre by more than
56,000 votes, declared today: "The
voters of Maine resent the autocratic
and un-American administration that
the democrats have given us during
the last seven years. It is an equal
endorsement of Harding and Coolidge."

CAPT. FERGUSON'S BODY WILL ARRIVE HERE LATE TODAY

The Decatur No. 1, owned by the
American Oak Leather company, this
afternoon is steaming back to Decatur
on a mission of sorrow, bringing
home the body of Capt. L. D. Fergus-
son, one of the best known engineers
in the Valley, who lost his life Satur-
day night when he fell from the boat
near Whitesburg.

Funeral services for Capt. Fergus-
son will be conducted this afternoon
from the late residence, 418 Grove
street, by Rev. Davidson, pastor of the
First Baptist church. Interment will
be made here, with the Masons in
charge.
The deceased is survived by his
wife and four daughters: Miss Flor-
ence Ferguson, Mrs. E. L. Scott,
Mrs. E. J. McBride, of the Twin
Cities and Mrs. G. A. Moore, of Jas-
per.

Body Found Today
Capt. Ferguson's body was found
Tuesday morning 14 miles below
Whitesburg, near Slaughter's landing.
An incoming boat brought the news to
the office of the American Oak Leather
company. The Decatur No. 1 still
had searching parties dredging the
waters of the Tennessee in an effort
to locate the body.
Immediately on receipt of news of
the finding of the body, a launch of
the Decatur Box and Basket company
was dispatched up river to notify the
Decatur No. 1. The latter steamer, on
which Capt. Ferguson had been en-
gineer, was ordered to return here
at once.
En route from Whitesburg the body
of the late engineer was expected to
be taken aboard.

BOARD OF REVENUE EXPECTED TO TAKE UP ROAD REPAIR AT AFTERNOON SESSION

Final Provisions of the Bond Is-
sue Election Will Be
Settled.

PETITION FOR FERRY IS HEARD THIS MORNING

Case Not Concluded When Ad-
journment Was Taken
for Lunch.

The Morgan County Board of Re-
venue this afternoon was expected to
take up the question of apportioning
that part of the funds from the pro-
posed \$450,000 bond issue, which will
be used for highway repairs. Under
the provisions of the petition filed by
the Albany chamber of commerce and
requesting an election on the bond
issue, \$50,000 is asked for road repair.
The board had planned to discuss
the repair program at its morning ses-
sion today, following the calling of the
election Monday afternoon, but the
petition of Boggs Brothers for per-
mission to establish a ferry across the
Tennessee river was the first case called
and had not been concluded when
adjournment was taken shortly after
noon. C. H. Eyster and Tennis Tidwell
appeared as representatives of the
J. S. Walker interests, owners of the
present Decatur and Albany ferries.
Thomas W. Wert was attorney for the
Boggs Brothers.
Announcement in Monday's Daily
that the bond issue election had been
called for November 2 created much
interest over the county. An intensive
campaign in behalf of the good roads
movement will be launched immedi-
ately by the chamber of commerce and
speakers will be sent into all sections
of the county.
The present highways of the county
are in very bad condition.

OIL CITY VETERANS ARE VERY LUCKY

(International News Service)
HOUSTON, Tex., Sept. 14.—Con-
federate veterans who live in Wichita
Falls, the oil city of Northwest Texas,
have fallen into rare luck this year.

The expenses of every veteran in
Wichita Falls will be paid for the trip
to the annual Confederate Reunion in
Houston, October 5, to 8, out of a
fund raised by W. R. Scurry Camp,
Sons of Confederate Veterans, in the
oil city.
But that is not liberal enough for
a town full of oil money. Every
veteran will be fitted out with a new
uniform of the beloved grey, to wear
to the reunion.
Not even that is thought sufficient.
To guide each old fellow and look
after his comfort, a Boy Scout from
the Wichita Falls troop will be sent
along with each veteran to Houston,
all expenses paid.
Notification of this original plan
was sent to Gen. N. B. Forrest, com-
mander-in-chief of the Sons of Veter-
ans, now in Houston as general sec-
retary of the committee preparing
for the reunion, by District Judge
Edgar Scurry of Wichita Falls, a
member of the executive council of
the Sons, and a member of W. R.
Scurry Camp, named in honor of his
father, Brig. Gen. Scurry, killed in
one of the last fights of the war.

Carl Hinton, adjutant in chief of
Sons of Veterans, has moved his
headquarters from Denver, Colo., to
Houston, to remain here until the re-
union is over. Remittances and other
mail should be addressed to him at
1211 Capitol Avenue, Houston, Tex.

FUNERAL SERVICES FOR P. BALLAS, WHO DIED SUDDENLY, TO BE HELD THURSDAY

Rev. A. Davis Will Officiate
and Interment Will Be
Made Here.

UNIVERSAL REGRET AT HIS UNTIMELY DEATH

Was One of Most Progressive
and Liberal Citizens of
Twin Cities.

Funeral services will be held Thurs-
day afternoon at 3 o'clock for Pana-
yotis Ballas, one of Decatur's most
beloved citizens, who died suddenly
yesterday afternoon at the Decatur
Cafe.

Mr. Ballas is survived by his wife
and three children; his mother, Mrs.
Marie Ballas and two brothers, Char-
les and George Ballas. The latter re-
side in Polechnitos, Greece, the birth
place of the deceased. In addition to
the members of the immediate fam-
ily, Mr. Ballas is survived by three
cousins, Gus Ballas, of Selma, John
Ballas, of Texas and James Beckas,
of Birmingham.

Services Thursday
The funeral services Thursday will
be conducted from the residence, 710
Canal Street, Decatur, by Rev. A.
Davis, priest of the Greek Orthodox
church, of Birmingham. Mr. Ballas
was a member of the Masonic and Py-
thian orders. The Masons will have
charge of the services at the grave
and members of the K. of P. also
will attend. Interment will be made
here.

Died Suddenly

The death of Mr. Ballas shortly
after 3 o'clock Monday afternoon
came as a great shock to his many
friends in the Twin Cities.
He was sitting in his cafe on the
corner of Railroad and Lafayette
streets, talking to an employee, when
he suddenly collapsed. Employees
rushed to the Hilda Drug store, op-
erated by E. A. Tillery, and sum-
moned aid. Mr. Tillery and others
attempted to rouse the stricken man
and several physicians answered the
call, but Mr. Ballas was beyond med-
ical assistance. He expired within a
moment, without regaining conscious-
ness. Drs. Hamill, Dinsmore, Bailey
and Pettey reached the scene a few
minutes after Mr. Ballas was stricken.
His death is believed to have been
caused by a stroke of apoplexy.

Very Philanthropic

The death of Mr. Ballas removes
from the Twin Cities one of their
most progressive citizens, and univer-
sal regret was expressed because of
his untimely end.
Mr. Ballas was regarded as one
of the cities' most philanthropic citi-
zens and he never passed a worthy or
charitable cause without giving it aid.
During the World War, he was a lib-
eral subscriber to the Liberty Bond
issues and gave of his time and his
wealth without stint. He headed a
number of the war drives in Decatur
and one of his last civic acts was
to serve as one of the chairmen in
the Salvation Army's appeals for funds.

Each Christmas it was the custom
of Mr. Ballas to give the Red Cross
a substantial check and always he was
ready to cooperate in any way possi-
ble with the officials of that organiza-
tion.
He was extremely modest in his
personal relations and many of his
charitable acts were never known to
the public. Hundreds of strangers,
passing through Decatur and left
without funds, have been given food
at his cafe. When transients were
taken under the protection of the Red
Cross in their emergencies, they were
fed by Mr. Ballas without cost.
The Decatur Cafe was closed yester-
day and will not re-open until after
the funeral Thursday.

WEATHER
Generally fair tonight and Wed-
nesday.

Decatur for many years and has a
host of friends here, who, while re-
gretting his departure will receive
the announcement of his promotion

RIVERVIEW CLUB'S MEMBERS WILL MEET WEDNESDAY NIGHT

President Borton Urges "One More Push" to
Make Movement Success.

Members of the Riverview County
club will meet Wednesday night at
7 o'clock in the rooms of the Albany
chamber of commerce, when it is hoped
the final details of organization
will be completed.
President L. W. Borton, in a letter
sent to the present membership to-
day, urges "one more push" to make
the club a success.
A minimum membership of 100 is
being sought, with a total of \$20,000
subscribed in stock. Of these totals,
President Borton announced, there has
been subscribed about \$15,000 with
80 members already signed.
The club has under option a tract
containing 40 acres south of the brick
plant and about a quarter of a mile
east of Riverview avenue. The site
for the club house and golf links is
one of the most attractive in North
Alabama. A nine hole course is
planned.

COAL MINERS ARE FIRED UPON NEAR MAGIC CITY; GRUBB RESTRAINS PICKETS

Fifty Shots Are Fired at Train
But No One Was
Injured.

INJUNCTION GRANTED BY FEDERAL COURT

Miners Charge That Operators
Are Defying the U. S.
Government.

(International News Service)
BIRMINGHAM, Sept. 14.—Greater
protection for miners working in Ala-
bama coal mines was being arranged
here today, following the first impor-
tant disturbance during the local coal
strike, which occurred here when min-
ers returning from work in the Bay-
view mine last night were fired upon
near Fairfield by unidentified per-
sons. The firing lasted about
five minutes, but no one was in-
jured. A train of four coaches was
bringing the miners in from their
work. When it reached Fairfield and
stopped for a few moments, the firing
began. About fifty shots are said to
have been fired. All of the assailants
succeeded in escaping after the at-
tack.
Late yesterday Judge W. I. Grubb,
of the federal court, issued an injunc-
tion restraining the union miners from
picketing the gates of coal mines and
attempting to intimidate non-union
workers.
Production in the Alabama coal fields
continues to improve, operators re-
porting that they are running their
mines normally.
Union officials issued a statement
today charging that the Alabama
Coal Operators are openly defying
the federal government by refusing
to put into effect the award of the
bituminous coal commission. Because
of the refusal by the operators, ac-
cording to the miners' officials, the
general strike of Alabama miners was
called. In their statement, the United
Mine Worker's officials asked the
question: "What is the government
going to do with the Alabama coal
operators who are so brazenly refus-
ing to pay any attention to the order
of the government?"

RAINEY ENDORSED FOR ALBANY MAYOR

REPORTS FROM LABOR DAY
COMMITTEES RECEIVED BY
CENTRAL UNION

J. Thomas Rainey last night was
endorsed by the Central Labor Union
for mayor of Albany. His endorse-
ment was moved, at a special meeting
of the union last night, by W. R. Mc-
Cluskey, vice chairman of the state
Federation of Labor and North Ala-
bama member of the state executive
council. The motion was carried un-
animously.
Mr. Rainey's endorsement followed
an address by L. Bowen, Secretary of
the Alabama Federation of Labor.
Previous to his address at the Cen-
tral Labor Union meeting, Secretary
Bowen spoke to a large number of
Machinists and Helpers in Hardage
Hall.

MORE FACTORIES IN ITALY SEIZED

(International News Service)
PARIS, Sept. 14.—Despite the res-
olution of the Italian confederation of
Labor that soviet control of indus-
tries should not go beyond the iron
and steel plants, all the factories in
Lombardy have been seized by the
workers, according to a dispatch from
Milan today. A general strike has
been declared in the Como district.
All industrial establishments in that
region are idle.

Reports Heard

Immediately after he called the
Central Union to order last night,
President Gentry called for reports
from the committees who had served
the Union in the Labor day activities.
Full or partial reports were made by
the following chairman: Refresh-
ment, John Babler; Premiums,
E. M. Johns; Publicity, J. E. Blair;
Arrangement of Grounds, D. C. Jones;
Finance, E. A. Wright; Spoken to,
T. B. Huddleston; Parade, W. M. Thomas;
Music, H. M. Saffey. A motion
prevailed that the Treasurer, T. B.
Huddleston, pay all legitimate bills
incurred for labor day preparations.

TWIN CITIES SUFFER AN INESTIMABLE LOSS

"I'll build me a house by the side of the road."

"And be a friend to man."

These two lines from a popular poem, perhaps incorrectly quoted, could well have been the life slogan of Pete Ballas, whose death yesterday brought sorrow to the Twin Cities. A successful business man, a patriot of the deepest dye, a public-spirited citizen, Mr. Ballas was over all and above all a friend of humanity. Without ostentation or vulgar display, for his left hand rarely ever knew what his right hand did, he was always ready to respond to the call of distress, whether it came from the Red Cross, the Salvation Army or some other agent of organized charity or was merely the pitiful wail of some human derelict who had been wrecked upon the cruel sea of life. He gave merely because a big heart prompted him to be generous.

A citizen of two countries, Mr. Ballas was thoroughly mindful of the obligations which he owed to the land of his adoption. During the dark days of the World War he was foremost in his subscriptions to the various war funds; he was loyal to the extreme in all his utterances; he did his bit to make more cheerful the lot of the service men who passed his way. His cafe was a veritable "house by the side of the road" where everyone was welcome, and where necessity was paramount to price. In his civic relations he was an example to others. He was never laggard when town-building demands were to be met. With liberality he combined enthusiasm and more than once has he fired public meetings to get greater things by his stirring appeals.

In the passing of this man, who so splendidly met all the obligations of husband, father and citizen, the Twin Cities suffer an inestimable loss.

GOOD ROADS FOR MORGAN COUNTY

When the county board of revenue on Monday voted to submit to the people for their ratification or rejection a proposed \$450,000 bond issue for the building of good roads, Morgan county took its most progressive step of a century.

The statement is a broad one, but cannot be successfully contradicted. Any person who is at all familiar with the condition of the public highways in this county and who knows aught of the value of adequate transportation facilities must take the affirmative of this proposition.

It is little short of a shame that one of the greatest counties in the state, here in the heart of the rich Tennessee Valley, is hemmed in by public highways that are practically impassable in winter and that drive away tourists in summer. And it is an occasion for public rejoicing when an honest and laudable effort is made to remedy a situation that is intolerable from any progressive standpoint.

The Daily, now as always, stands squarely behind good roads. It believes that they are the greatest asset any community or any section can have. It believes that if Morgan county builds good roads the value of its lands will be doubled within a decade at least. It believes that life for the rural resident will be made more attractive. It believes that education will be more general. It believes that new markets will be opened for farm products and that merchants can draw upon a larger trade territory. It believes that the development of both towns and country will be more rapid. It believes that the wealth of the county will be materially increased. It believes that the slight additional burden of taxation will be ten times offset by the increased prosperity.

The petitions asking for the submission of the bond issue to the voters were circulated by the Albany Chamber of Commerce. This organization, a public-spirited one, has no axes to grind. It is sincerely striving for the up-building and development of the entire section. It has provided that certain specific roads are to be constructed with the funds derived from the sale of the bonds. There is to be no misunderstanding, no double-crossing, no monkey business. Every

voter, when he goes to the polls, will know exactly how his own community is to be affected in the event the bonds are authorized.

The election is to be fair and square, and there is to be but one issue—Shall we get Morgan county out of the mud?

EDITOR RETIRES

The announcement is made in the Albany-Decatur Daily of today that Hon. H. D. Harkreader, the gifted editor of that newspaper, has disposed of his interest in the Tennessee Valley Printing Co., and will retire at an early date.

Mr. Harkreader is recognized as one of the ablest of Alabama's editors and the people of the Twin Cities suffer a genuine loss in his retirement.—Florence Daily News.

Just In Passing

GERMANY WILL PAY
"Germany will pay her indemnity all right," said Private L. C. Gunnoe, who was detailed by the war department to bring the body of the late soldier Andrew Bevins to this county for burial. Private Gunnoe served from Dec. 6, 1918, to June 26, 1919, in the American army of occupation in Germany. He declared that where he was stationed farming and industry was going right forward, and said that in his opinion in ten years Germany would pay off all her war debts.

The official order of Private Gunnoe from the war department reads as follows: Private, First Class, Lonnie C. Gunnoe, No. R 56208, Headquarters detachment, 1st Division, will accompany the remains of the late Private Andrew Bevins, Serial Number unknown, Co. "I", 153rd Infantry to Flint, Ala. (six days travel). The order is signed by Brigadier General Edwards, and was sent out from Louisville, Ky., in which city Private Gunnoe resides, on Sept. 7. He stated that another soldier had accompanied the dead body of the Morgan county boy to Louisville from New York.

Another order on the same sheet with that of Private Gunnoe is one directing that Pvt. Albert G. Williams accompany the remains of the late Pvt. Virgil H. Stephens to Cullman, Ala.

Pvt. Gunnoe's service badge showed the names of the battles he was in as follows: Montidier, Noyon, Aisne, Marne, St. Mihiel, Muse-Argonne. In the last named battle he was wounded in the knee. He has three stars for bravery, one for this battle, one for Noyon and one for Montidier.

Voice of People

A TRIBUTE

Albany-Decatur Daily:

In the untimely death of Pete Ballas this community has suffered an irreparable loss. Though of foreign nationality, he came among us and made himself one of us—one of the best of us, setting a brilliant example of what a man may make of himself, an example that anyone could be justly proud to follow, and winning for himself an enviable place in the minds and hearts of those with whom he came in contact, and a commanding position in the commercial life of the community. His word being as good as his bond.

He possessed to the highest degree, every quality that goes to make up the modern man, and no one who knew him can escape the keenest pangs of sorrow for his passing. He was a credit and an honor to the community and will be long and sincerely missed.

TEACHERS WISH THE DANCING BAN OFF

Pass Resolutions in Protest Against
Methodists "Holler-Than-Thou"
Viewpoint Against Amusement

NEW YORK, Sept. 14.—More resolutions denouncing the attitude of the Methodist Church toward the amusement profession have been adopted by the American Society of Dancing Teachers at its convention here. The resolutions follow:

"Whereas, the Rev. F. L. Ceis, pastor of the Asbury Methodist Episcopal Church, Cincinnati, is recently quoted as saying: 'No dancing teacher is wanted as a member of Asbury Church,' said stand typifying the attitude of all too many Methodist churches; and

"Whereas, the Actors' Equity Association has expressed its sympathy with all persons so treated, resenting such action as much as if accorded to an actor; and

"Whereas, the Rev. Dr. Robert M. Moore, pastor of St. Mark's M. E. Church, Brooklyn, has notably held out the hand of Christian fellowship to dancing teachers,

"Therefore, be it resolved: The American Society of Teachers of its kind in America, in forty-third annual convention assembled, appreciates the good will and co-operation of the Actors' Equity Association with its over fourteen thousand members.

"This society, composed largely of members of the Christian churches, feels indignant at this long-continued holier-than-thou viewpoint of the Methodist Episcopal Church toward the amusement profession. It commends all ministers who evidence signs of a liberal point of view. This society also expresses its thanks to J. Henry Smythe, Jr., of New York City, who is waging a valiant fight to amend the Methodist amusement line laws.

MILLION WOMEN TO CAST BALLOTS

SPIRITED PRIMARY WILL BE
HELD IN ILLINOIS TOMORROW

SPRINGFIELD, Ill., Sept. 14.—Closing a campaign marked by unusual political rancor, particularly in republican ranks, some 2,500,000 voters in Illinois are getting ready today for the state primary tomorrow. U. S. Senators, Governor, state officers and various state district office holders will be nominated. Women who will vote for the first time for all offices promised the surprise in the political egg-shell. From a canvass of the situation here it is predicted close to 1,000,000 female voters will come to the polls. In striking contrast to the blaze of animosity emanating from the headquarters of Len Small and John G. Oglesby, the two leading G. O. P. gubernatorial aspirants, democrats are sailing along in tranquility with former U. S. Senator James Hamilton Lewis at the helm for the governorship. Candidates for the U. S. Senate are Frank L. Smith, Burnett M. Chipfield, Wm. B. McKinley, republicans; Robert Emmett Burke and Peter A. Walker, democrats.

THE LITTLE BROTHER

When I lie on the grass, sometimes,
And look up in the sky,
I think of such a lot of rhymes
To tell her by and by—
To tell my Mother dear, I mean,
She loves to see birds fly.
But when she looks I've often seen
The sad tears in her eye.

She loves to have me tell her where
The robins build their nest;
She says they fill the Summer air
With songs she likes the best.
I love to have her tell me how
The swallow's soft, white breast
Shines like a silver shield, and now—
I like the swallow best!

It's fun to see him tip and skin
And turn and gleam and glance.
Oh, dear, if I had wings like him
To fly away to France!
I had a brother out in France—
So brave!—and he flew, too.
On man-made wings he took his chance.
He wrote, his bit to do.

We prayed for him last night,
And I took Mother's hand
And kissed and held it very tight
For I could understand.
But Mother says, since over there
My brother had to die,
We know his soul is waiting where
Brave souls can always fly.

And we, some day, just like these
birds,
Will wing away to Heaven,
And have strong wings (these were
her words)
As swift as can be given—
Wide wings, and we will fly and fly
Away from pain and sorrow,
Just up and up through God's blue
sky
Straight into love's tomorrow.
— Caroline Russell Bispham.

Mrs. Virginia Graham opened wide her hospitable doors, to the Mission Study class of the Central M. E. church, Monday, September 13th, at 4 p. m.

Miss Ellen Groenendyke conducted the devotionals and lectured on the first chapter of our new study book, "Bible and Missions", by Helen Barrett Montgomery. The book is strong and forceful and the manner in which Miss Groenendyke handled the subject, did credit to the authoress.

A short business session followed, some interesting business was transacted. Three visitors honored us with their presence: Mrs. Ghoul, Mrs. J. C. Orr of Birmingham, who was at one time an active worker in this auxiliary. Mrs. Orr always finds a welcome awaiting her. Miss Mary Miller was also with us, she leaves soon to take up her school duties at Athens Female College. The Lord's prayer was repeated in concert and adjournment followed.

CAN TAKE PRIDE IN HOUSE

Domicile Expresses Personality That Can Be Pleasing, or the Reverse, as May Be.

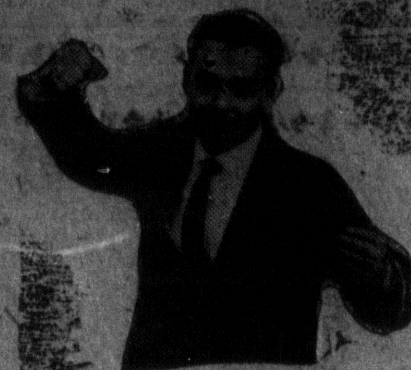

But the best of a house is that it has an outside personality as well as an inside one. Nobody, not even himself, could admire a man's flat from the street; nobody could look up and say, "What very delightful people must live behind those third-floor windows." Here it is different. Any of you may find himself some day in our quiet street, and stop a moment to look at our house; at the blue door with its jolly knockers, at the little trees in their blue tubs standing within a ring of blue pots, backed by chains at the bright-colored curtains. You may like it, but we shall be watching you from one of the windows, and telling each other that you do. In any case, we have the pleasure of looking at ourselves, and feeling that we are contributing something to London, whether for better or for worse. We are part of a street now, and can take pride in that street. Before, we were only part of a big unmanageable building.—From "Not That It Matters," by A. A. Milne.

Safety First in Pictures.

The stop, look and listen signs along the Chinese railroads usually consist of pictures showing the dangers of trespassing on the tracks. Inscriptions sometimes accompany the picture, but the inscriptions can be read by comparatively few persons; the pictures can be understood by all.

PREPAREDNESS

If Albany and Decatur were entirely cut off from the rest of the world, then, and only then, would we be able to keep every Albany and Decatur dollar here in the Twin Cities.

No—it would be foolish to say that every dollar made in the Twin Cities should stay here. Such a state of affairs would be unwise, even were it possible, for it would retard the growth of our people in every way.

But--Here's Just What is Meant

By all this "Trade-at-Home" talk.

It is directed to the individual who, for some reason or other, is continually purchasing something from some distant city when those purchases could, in nearly every instance, be made right here in Albany and Decatur just as advantageously.

It is directed to the great masses of our people—the real "backbone" of our community. It is to caution them against the practice of sending money away from here that should be kept right on at work among our own people.

The Stores and Industrial Plants

Of Albany and Decatur must, of necessity, send away for large quantities of their stocks and materials. Through those channels the Twin Cities contribute their quota to the world's prosperity.

Hence, upon the individual consumer rests the responsibility of keeping Albany and Decatur money at work in Albany and Decatur.

Every loyal citizen should help to conserve the prosperity of Albany and Decatur by making every purchase possible with the local stores.

AUTO ACCIDENTS INCREASING AT AN ALARMING RATE

One Person on an Average Is Killed Every 35 Minutes in the United States—National Safety Council Seeking Remedy to Reduce Fatalities.

(International News Service) Thirds of all industrial fatalities. This situation is alarming enough without exaggeration. The most alarming feature of it is that, while industrial accidents have been decreasing, due to the energetic safety work of the large industrial companies which are members of the National Safety Council, and while the public accidents on steam and electric railroads have been decreasing as a result of similar work, the number of automobile accidents has been increasing very rapidly. Figures just compiled for the National Safety Council by the statistical department of a large life insurance company show that the death rate from railway accidents per million of population has decreased in ten years from 130 to 105; from street railway accidents, from 36 to 28; from accidents on other vehicles, from 41 to 27; while the death rate from automobile accidents has increased in ten years from 8 to 92. The latter figure was reached in 1918, and recent figures from the larger cities indicate that the rate is still going up.

In St. Louis, Cleveland and other cities local councils of the National Safety Council have already reduced the number of automobile accidents by the united efforts of public officials, civic organizations and public-spirited citizens, and it is planned to make the work nation-wide in scope. S. J. Williams, secretary and chief engineer of the National Safety Council, is authority for the statement that three times as many are killed in all public accidents as in all industrial accidents, including railroads, mines, public utilities, construction work, etc., as well as factories. According to present indications and the experience of past years, the number of automobile fatalities in 1920 will be about two-

times as many as in all industrial accidents. This situation is alarming enough without exaggeration. The most alarming feature of it is that, while industrial accidents have been decreasing, due to the energetic safety work of the large industrial companies which are members of the National Safety Council, and while the public accidents on steam and electric railroads have been decreasing as a result of similar work, the number of automobile accidents has been increasing very rapidly. Railroad Briefs About Town

The safety first committee has put on a new activity at the shops in the shape of large placards, posted in conspicuous places, warning of the danger of the lack of vigilance regarding accidents. On some of the cars standing in the yards a sign appears near the entrances which reads "Safety First."

J. O. Britsol, General Chairman of the System Machinists' Union, was a visitor at the shops yesterday. Mr. Britsol's home is in Birmingham.

The following employees of the shops recently received the 23rd Masonic Degree at Birmingham: W. R. Mc Cluskey, Smith Campbell, J. C. Holessapple, C. M. St. Clair, Newsome Nelson, C. A. Hitch, Thomas Hodson and others.

S. H. Campbell, of the Carmen, is visiting in Pulaski.

Ed Williams, of the Wheel House, leaves Friday for Southern California, where he will visit his wife and children. Mr. Williams states that he expects to visit George C. Hise, in Los Angeles before his return.

Frank Barnett, of the Car Department, leaves soon for Hot Springs, Ark.

Thomas Parker has returned from a visit to Winchester Tenn.

Eucalyptus Trees.
The grand eucalyptus trees in Gippsland are probably the grandest of their kind in the world, and quite as magnificent as the Californian giants, only not so large in circumference. The shedding of their bark is a misstatement. What the tree does do is this: it sheds the old, dry, broken, and coarse bark, but the new one is sound and solid, and is not shed. The new bark is clean and very smooth, no branches growing for 100 feet or more.

How Oysters Grow Shells
Tanning oysters float on the surface of the water for a time, then sink and fasten themselves to the bottom. Thus attached, they extract lime from the water and deposit it as shell about their bodies.

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to get the remedy that has helped your neighbors.

Mrs. H. S. Speck, 302 W. Pond St., Decatur, Says: "One of my friends who had been in the condition I was in from kidney trouble urged me to use Doan's Kidney Pills. I had no faith in them but took them to please her and I got a box at the Owl Drug Co. I continued taking them and when I had finished four boxes I felt as well as ever. I was really surprised. This is saying a great deal for Doan's Kidney Pills as no one could have been much worse from kidney trouble than I was. My back was lame and pained me constantly. My heart was affected and I was extremely nervous and even the rustling of a newspaper in an adjoining room would irritate me greatly. Other remedies had failed to help me, but it didn't take Doan's long to help me. I recommend this remedy at every opportunity."

Above statement given February 26, 1908, and on February 27, 1918, Mrs. Speck said: "I have had very little to complain of in the way of kidney trouble for a long time. I have used Doan's Kidney Pills once in a great while since as a preventive and they always made me feel better generally."

Proper Care of Parrots.
Parrots in the wild state live on seed and fruit and should, while in captivity, be fed as nearly as possible the same kind of food. They should be fed sunflower seed, hemp seed, boiled yellow corn, stale bread soaked in water, an occasional piece of apple or banana, roasted peanuts and dry crackers. Plenty of water and gravel should be kept in the cage. The parrot's cage should be cleaned every day.

WHITEHALL MUCH WORRIED OVER TURN OF AFFAIRS IN ANGLO-FRENCH RELATIONS

By Earle C. Reeves,
International News Service Staff
LONDON, Sept. 14.—The chief cause behind the agitation in Whitehall over the latest "jar" to amicable Anglo-French relations was the American angle of the case.

Whitehall feared that the American note on Soviet Russia and the action of Paris in regard to Wrangel were the beginning of a Franco-American diplomatic understanding—not necessarily an alliance—and this suspected "understanding" would result in efforts at overthrowing British international policies.

To go back to the beginning: When America dropped out of the Supreme

Council and Japan reached the end of the questions she was directly interested in and withdrew from active participation in peace parleys, David Lloyd George pulled a log-rolling arrangement with Nitti, the then Italian Premier. Delicately, George and Nitti outvoted France in the councils of the peace makers on several occasions. The arrangement with Signor Giolitti isn't quite so hard and fast, but as regards the question of Russia, England and Italy, or their Premier, see eye to eye. To be more strictly accurate, Italy is out in front, even, and beyond the point reached by Lloyd George.

Now, what has happened? America has issued a pronouncement on the subject of Bolshevism that was interpreted almost as many different ways as there are newspapers in England. But the net result of Whitehall's interpreting was that Wilson or his Secretary of State said harsh words about having anything to do with the Soviet, just as Britain was to do with the Soviet, and simultaneously France recognizes a General Wrangel and threatens to repeat the experiment of backing someone to beat the Bolsheviks.

A large part of the permanent personnel of the British Government, the civil service and permanent officials, see with France or with America, in varying degrees. But they are taking their orders from the duty elected and appointed chiefs of departments, the elected "government."

And this is what the elected government, the cabinet, found. Millerand, the French Premier, continued his tour of the devastated regions, making campaign speeches which spoke in laudatory fashion of the Anglo-French entente. But he didn't hasten back to Paris, or run over to Boulogne for a meeting with Lloyd George in order to cement the entente further in its time of trial. And meanwhile so-called permanent officials in Paris were calling on the British diplomats daily and giving daily expressions of good will. Then, according to public sources in Whitehall, they were going back to their offices daily and doing daily things that were just the opposite of their expressed intentions.

They were doing these things under encouragement from the American note attacking the Bolsheviks, and, moreover, it is averred, they were "flirting" furiously with America, hoping to line up American governmental opinion behind France and Italy. There lay the danger.

I have told in previous dispatches of the whispered word that has gone along Fleet street to the editors in their sanctums that America should not be criticized, that nothing should be done to cause ill feeling between America and England. I can't claim to know but it is always possible that the Old World has had sufficient struggles for the time being in trying to adjust American idealism and Old World practicalities over the peace tables. There's just a hint of a possibility that the Old World doesn't want anything done to shake America from its more or less suddenly resumed position of splendid isolation.

Certainly it wouldn't be to England's interest just now, as she is trying to make peace with the Bolshe-

viks, to have America roused to an active participation in European affairs. Particularly as British fears such participation would tend to be on the side of France.

The fragmentary Supreme Council's majority of one in favor of Lloyd George might be jeopardized by the re-entrance of America. Folks in high estate hereabouts are more or less reconciled to frequent disagreements with France. But a disagreement with France in which there is a

possibility of America being dragged back into the international voting, and on the side of France, is something to worry about. Down in Whitehall they have been worrying.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the medicine line. Adv.

To The Cotton Raiser

GINNING time is here and naturally you want to gin your cotton where you can get the best results. I have proven to the farmers of Morgan and surrounding counties that I have a gin outfit that is unequalled in this part of the country. I can give you a better turn out and make you a better sample than you can get at any other gin. I have a cleaner that will clean your cotton better than any other gin that you can find and that is what you want as the differences are so great this season that it will pay you to gin where your cotton will be cleaned thoroughly so that it will enable you to get the highest grade possible.

Remember

That competition is the life of business. Bring your cotton to Albany where the competition is keen and you will get the benefit of it. We are here at your service.

Also

I will pay you the highest market price for your cotton and seed, and, if the market does not justify you selling, I will have a Bonded Warehouse where you can store your cotton and get your receipt and use in bank as cash. Patronize the man that has helped to make the best cotton market in this section. Give me a chance to prove my statements and you will make money.

Another Feature

I have hired Mr. Will Gibson as my ginner this season, who has had the experience and knows his business. I am giving you the best that money could get. Come to see me and see for yourself.

OH, YOU PETE!

Remember Ratty Waters who tied the dishpan under Prof. Bunn's car at Princeton? He's more seriously inclined now—sells high grade bonds! Ran smack into Ratty as he was hustling for his a. m. fodder with a Camel cigarette perched between his lips and looking as happy as a turtle on a log! It's a pretty art—this opening up the morning with a Camel!

Well sir, Pete, what Ratty rattled into my rafters would supply Camel selling stuff for a year! "There's nothing to this cigarette game but Camels," said Ratty. "Their mellowness is a revelation and I never did run into such mildness in my life! And, when you figure that Camels have ALL the "body" any smoker wants—well, I just marvel that such a cigarette could be made! Ever get such refreshing flavor?"

For instance, Ratty spread this:—"Shorty, I can't stand the usual unpleasant cigarette aftertaste and unpleasant cigarette odor! Camels are free from both! (100 per cent. O. K., Pete!) And, they never tire my taste! When you pass by Camels you have slipped by your smoke signals!"

Tried to get Ratty to put some of that sales talk on paper, but he came back:—"You tell 'em, old kettle—you've got the spout!"

Pete, Camels won Ratty's favor like they've won thousands of others! They'll win any man who gives them a chance!
